Pred. No. is the number of results predicted by chance to have a score greater than or equal to the score of the result being printed, and is derived by analysis of the total score distribution.

hypothetical protein - Lactococcus lactis plasmid pMRC01
clspecies: Lactococcus lactis
clspecies: Lactococcus lactis
clspecies: Lactococcus lactis
clspecies: 02-Jun-2000 #sequence_revision 02-Jun-2000 #text_change 02-Jun-2000
claccesion: T43096
Riccession: T43096
Alfile: Sequence and analysis of the 60 kb conjugative, bacteriocin-producing plasmid phanalysic number: 222314
Alfile: Sequence and analysis of the 60 kb conjugative, bacteriocin-producing plasmid phanalysic number: 222314

Sequence 1, Application US/09900147

Batent No. US20020103121A1

GENERAL INFORMATION:

APPLICANT: La Thangue, Nicholas B
APPLICANT: Bandara, Lasantha R

TITLE OF INVENTION: Peptide antagonists of DP transcription factors
FILE REFREENCE: 620-67

CURRENT APPLICATION NUMBER: US/09/900,147

CURRENT FILING DATE: 2001-07-09

PRIOR PILING DATE: EARLIER PILING DATE: 1999-05-27

PRIOR PILING DATE: BARLIER FILING DATE: 1999-05-27

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                Sequence 6, Application US/09900147

Fatent No. US20020103121A1

GENERAL INFORMATION:

APPLICANT: La Thangue, Nicholas B

APPLICANT: Bandara, Lasantha R

TITLE OF INVENTION: Peptide antagonists of DP transcription factors

FILE REPERBENCE: 200-07-09

FRIOR PELICATION NUMBER: EARLIER APPLICATION NUMBER: 09/308,935

FRIOR FILING DATE: BARLIER FILING DATE: 1999-02-27

FRIOR FILING DATE: EARLIER FILING DATE: 1999-12-20

NUMBER OF SEQ ID NOS: 18

SOFTWARE: PATENTIN OF 2.1

SEQ ID NO 6

LENGTH: 30
                                                                                                                                                 Sequence 16, Application US/09900147

Sequence 16, Application US/09900147

Sequence 16, Application US/09900147

Sequence 17, Application US/09900147

Patent No. US2002013121A1

GENERAL INFORMATION:

APPLICANT: Larangue, Nicholas B

APPLICANT: Bandara, Lasantha R

TITLE OF INVENTION: Peptide antagonists of DP transcription factors

FILE REFERENCE: 2001-07-09

PRIOR FILING DATE: 2001-07-09

PRIOR PLICATION NUMBER: EARLIER APPLICATION NUMBER: 09/308,935

PRIOR PLILING DATE: EARLIER FILING DATE: 1999-05-27

PRIOR FILING DATE: EARLIER FILING DATE: 1996-12-20

NUMBER OF SEQ ID NOS: 18

SOFTWARE: Patentin Ver. 2.1

SEQ ID NO 17

LENGTH: 19
